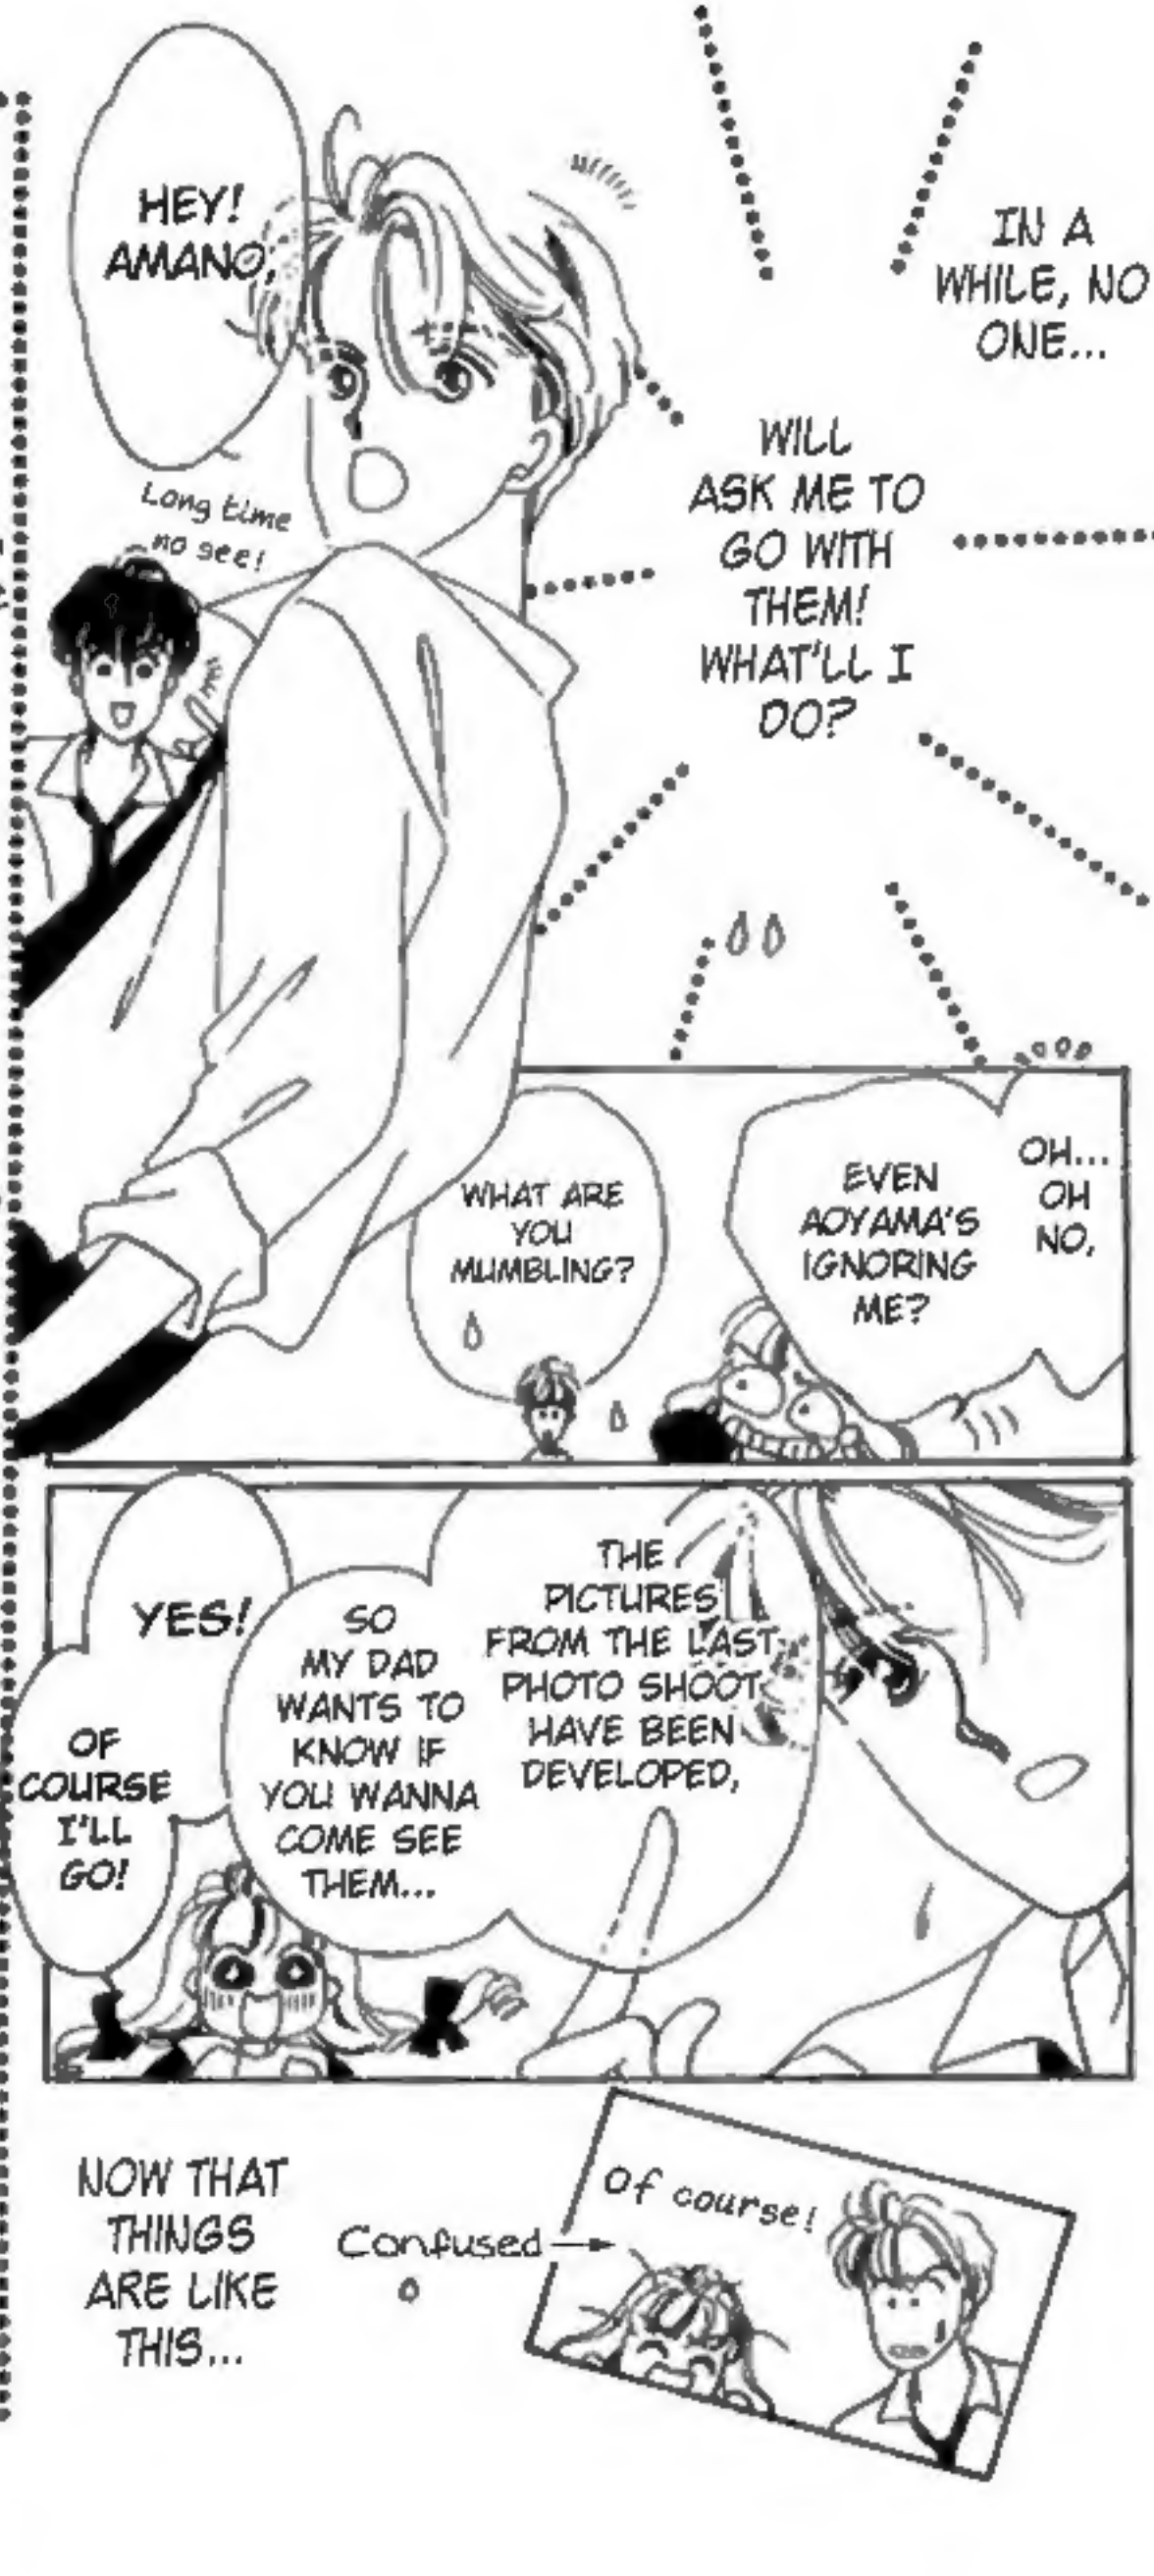
Side Story 1

As usual, just chatting randomly. Bored people might as well read it. What does everyone really really want? Me, I want a watch like Arisu's. (I'm always drawing it to fulfill my desire.)

It can freely change time... it'd be great if there really were such a watch! I'll buy it no matter how expensive. And I'll make time flow backwards, back when I was a lighthearted, worry-less child.

If only I could live my life all over again...



HEY! AMANO,
Long time no see!
IN A WHILE, NO ONE...
WILL ASK ME TO GO WITH THEM! WHAT'LL I DO?
WHAT ARE YOU MUMBLING?
EVEN AOYAMA'S IGNORING ME?
OH... OH NO,
YES! OF COURSE I'LL GO!
SO MY DAD WANTS TO KNOW IF YOU WANNA COME SEE THEM...
THE PICTURES FROM THE LAST PHOTO SHOOT HAVE BEEN DEVELOPED,
NOW THAT THINGS ARE LIKE THIS...
Confused

Side Story 2

"If you didn't become a manga artist, what would you be?" People often ask me this question. When I was little, I once dreamed to become the lady behind the counter who sold candy. (Even now, I still love Japanese sweets) When in 6th grade, I wanted to be a singer (Because I was a soprano). In middle school, when I sang with a piano accom-paniment, I actually forgot the lyrics. After that time, my dream was to become a pianist (I ditched academics for piano) Becoming a manga artist was my dream during high school.

Now my dreams are
☆Becoming a famous model.☆
I'd say that's a bit difficult. Becoming an actress. I think someone will probably beat me up Maybe I'll try something else. Just anything related to TV.

I just want to become Arisu. that'll be enough.
